

Invitation to the webinar

"Salzburg Principles: Structural Development of the 3rd Cycle"

A webinar entitled "Salzburg Principles: Structural Development of the 3rd Cycle" will be held on May 20 (at 2 PM (Yerevan time)) within the framework of "Erasmus + MODEST" (Modernization of Doctoral Education in Science and Improvement of Teaching Methodologies) project.

In the webinar participants will explore the content and step-by-step path to the implementation of Salzburg principles (SPs). They will also be able to get acquainted with the practical steps taken in the framework of doctoral education to establish the Salzburg Principles in Armenia and will reveal the main problems faced by the Armenian universities on the way to the implementation of those principles. Discussion on the ways to overcome problems with SPs implementation might address general problems or highlight possible and existing solutions to them

The Republic of Armenia joined the Bologna Process in 2005 in Bergen (Bergen Communiqué). Following its ratification by the Republic of Armenia (RA) National Assembly in 2005 steps have been undertaken to actively implement the Bologna lines to integrate into European Higher Education Area. As a result, the reforms in doctoral education been implemented step by step in accordance with the 10 Salzburg Principles.

The webinar will be conducted by Dr. Yeranuhi Manukyan, Head of YSU Scientific Policy Department.

The webinar is intended for scientists, PhD students and administrative staff of the scientific institutes as well as other universities that are interested in Doctoral studies standards

The Erasmus+ MODEST project aims at modernization of doctoral education in Science in European countries and Armenia, Belarus, and Russia. A wider project objective is to enhance cooperation capacities of Higher Educational Institutions (HEI) of Partner Countries in the field of Doctoral Studies within European Higher Education Area (EHEA) and European Research Area (ERA).
