

PRESS RELEASE

“10 NOBEL LAUREATES AND BREAKTHROUGH PRIZE WINNERS WILL TAKE PART IN THE NOBEL FEST ON OCTOBER 26-29 IN KAZAKHSTAN!”

The largest scientific and educational event in all of Central Asia, the Nobel Festival will be held from October 26 to 29, 2021 under the key theme "The future is here". World science stars and innovators will visit studios in Kazakhstan, Uzbekistan and Azerbaijan, which will broadcast openly to the whole world. The event is organized by the Inclusive Development Foundation, the Library of the First President of the Republic of Kazakhstan - Elbasy and the International Secretariat of G-Global.

Nobel Fest is the largest and most influential scientific and educational forum in Kazakhstan, Central Asia and the Caucasus!

III Nobel Festival will take place on October 26-29, 2021. ahead of World Science Day for Peace and Development in **four** key areas:

- Green reality;
- The age of innovations;
- New Era Skills;
- Economy for People.

More than **40,000 online viewers**, **10 Nobel laureates**, **10 Breakthrough Prize (Science Oscar) winners**, as well as a number of internationally renowned experts participate in the Nobel Festival annually.

As one of the most cited economists in the world, **Professor of Columbia University Jeffrey Sachs said at the Nobel Festival: “The Nobel Festival is an example of Kazakhstan's national leadership. Thanks to Nobel Fest, Kazakhstan will have its own science stars and Nobel laureates in the future ”.**

The key events of the Nobel Fest are the lectures of the Nobel laureates. Annually more than 15 Nobel laureates give lectures for Kazakhstani universities and students.

For the universities of Kazakhstan, lectures from Nobel laureates are a unique opportunity to receive an exclusive lecture by the Nobel laureate, include the famous laureate as a university lecturer and strengthen their positions in world rankings.

This time, such stars as **Yuval Noah Harari** - world historian and author of the bestselling book “Sapiens: A Brief History of Humanity”, **Luc Julia** - co-creator of the Siri technology and chief engineer of Renault Group, **Jane Goodall**- an influential conservationist and UN Peace Ambassador, **Jonathan Medved**- the father of Israeli startups, **Garrick Hilleman**- a world expert on cryptocurrencies, and many others

will perform at the Nobel Fest especially for the youth of Central Asia. Together with them, professors from the most prestigious universities in the world will take part in the festival: the London School of Economics, MIT, the University of California, Imperial College London, the University of Washington, as well as executives and leading experts from major international corporations: Microsoft, Google, SAP, Chevron, Coca-Cola and others.
